

## **Biography**

Susanna Imrie has a BSc (Hons) in Computational Linguistics and German from UMIST, Manchester. Whilst working as an intern translator at Fry & Bonthrone Partnerschaft, Susanna set up a terminology database (TermStar) and beta tested its web interface. For Eclipse Translations Ltd, Susanna was a staff translator, and introduced the company to Trados Translators Workplace. Susanna started working for SIL International in 2002. She initially worked on the SIL website, [www.sil.org](http://www.sil.org), publishing the French-English Glossary of Linguistic Terms (see [http://www.sil.org/linguistics/glossary\\_fe/](http://www.sil.org/linguistics/glossary_fe/)). Since mid 2003, she has been working on SIL FieldWorks (see <http://www.sil.org/computing/fieldworks/>), prioritizing and designing features to be developed, in cooperation with SIL language teams and experts working in over 1200 languages worldwide.
