Beginning in 1975, a farm is defined as any place with annual sales of agricultural products of \$1,000 or more. Between 1959 and 1975 a farm was defined as a place of 10 or more acres that had annual sales of agricultural products of \$50 or more or a place of less than 10 acres that had annual sales of \$250 or more. Prior to 1959 a farm was defined as a place of three acres or more in size with a value of farm products amounting to \$150 or more. Places of less than three acres with sales of \$250 or more were also considered farms.

\* Average per Farm is obtained by dividing Total Value by Farms.
